DIKSHA SARASWAT

Web Developer

✉ renusaraswat620@gmail.com   ☎ +91 8077281574   *DOB: 04 MARCH 2004*

Motivated undergraduate computer engineering student with a focus on web development.I bring a foundational understanding of HTML, CSS, and JavaScript. Eager to apply classroom learning in practical settings, I have hands-on experience in creating basic websites and am committed to expanding my skills. Quick learner, team-oriented, and dedicated to contributing to web development projects.

Experience

Web Developer | Code Chef - **[Zakir Husain College of Engineering and Technology,Aligarh Muslim University]**   *2023-present*

- Dedicated Web Developer at Code Chef, actively contributing coding expertise in HTML, CSS, and JavaScript to create dynamic and responsive websites. Applying theoretical knowledge gained in computer engineering studies to enhance the club's online presence. Collaborative team player committed to advancing web development skills and achieving project.

Technical Team Member | AmuPedia Club - **[Zakir Husain College of Engineering and Technology,Aligarh Muslim University]**   *2023 - present*

- Enthusiastic technical contributor at AmuPedia, actively involved in implementing innovative solutions. Proficient in leveraging technology to support club initiatives, collaborating effectively with team members. Dedicated to advancing technical goals, contributing expertise to achieve collective success within the dynamic environment of AmuPedia.

Education

Bachelor of Technology in Computer Engineering   *2022-2026*

- Zakir Husain College of Engineering and Technology, Aligarh Muslim University
- CPI: 8.6

Senior Secondary Education(12th)   *2020-2021*

- Army Public School ,Mathura Cantt
- Percentage: 95.6%

Secondary Education (10th)   *2018-2019*

- Army Public School ,Mathura Cantt
- Percentage: 95.8%

Skills

- Web development
- Coding
- Machine learning (Beginner)
- Communication Skill
- Problem-solving
- Creativity
- Time Management
- DSA
- canva
- MS PowerPoint/MS Excel
- Social Media

Projects

Netflix landing page (Clone)

- The Netflix landing page project is a dynamic web development endeavor created with HTML, CSS, and JavaScript. It features a visually appealing design mirroring Netflix's style, complete with responsive elements. Utilizing JavaScript for interactive components, it ensures an engaging user experience, seamlessly emulating the functionality of the actual Netflix landing page.

Coding Languages

- C++
- C
- HTML
- CSS
- Python
- Javascript
- Java
